

The following files are available in both Acrobat PDF format and Microsoft Excel format. The Excel files do not include the instruction pages. To use the Excel files, you must download them to your hard drive. The Excel file that contains all the forms in one file also contains links (where needed and where practical), so items in one form are automatically carried over to the other forms. These files are not available in Quattro or Lotus format.

All Certified Tax Rates forms in one file
